

Washington, D.C. Estate Planning Council President's Message August 2016

We have established two initiatives to help the Council grow and continue to flourish. We hope you will participate in these efforts.

First, we have added an additional nomination period for new members. Membership nomination packets will now be due on October 1 and March 1 of each year. The same requirements regarding credentials, meeting attendance, etc. apply.

The updated [nomination package](#) is attached and is also on the Council Website. If you have any questions, please contact Membership Nominations Committee Co-chairs [Joe Estabrook](#) and [Julia O'Brien](#).

Second, we have added a Membership Recruitment Committee co-chaired by Logan Winn and Zach Cohen. This committee will be reaching out to firms with estate planning practitioners to enhance awareness of the Council and outstanding programs and encourage qualified individuals to join.

How can you help? Please invite qualified prospective members to participate in our upcoming events, including the [September 21 membership meeting](#), and [September 26 golf tournament](#) (even if the person is not a golfer, just coming to the dinner that night counts).

Please contact [Logan](#) or [Zach](#) if you have suggestions regarding potential members, or if you would like to join their new committee.

I look forward to seeing you on September 21 at the City Club to hear Howard Zaritsky, Esq. talk about the proposed 2704 regs.

Alby Salaman, Esq.
President
