

# Washington, D.C. Estate Planning Council

## Website Announcement

August 2015

We are excited to announce a new [website](#) for the WDCEPC! It will facilitate your ability to obtain information about the Council including events, member directory, membership nomination forms, articles and more. The website, including the directory, is mobile-friendly for phones and tablets.

Most of the information on the website is available without logging in. You may, however, wish to login to access the following features:

- Print the [member directory](#).
- View those [registered to attend programs](#).
- [Register](#) for programs. While logging in to register is optional, doing so will populate your personal information.

Please contact [Dina Land](#) if you need assistance in determining your username and password.

The online and printable member directory will replace the hardcopy directory. Please review [your contact information](#) and submit any necessary [updates](#). The Northern Virginia Estate Planning Council's directory is available on their website and through a [link](#) on our website. The Estate Planning Council of Montgomery County, Maryland also plans to have their directory available online.

Please check-out the new WDCEPC website at [www.wdcepc.org](http://www.wdcepc.org). We welcome your suggestions as we continue to enhance the site.

Best regards,

Adrienne Nelson  
Communications Committee Co-chair
